# WHAT IS HUMAN SCIENCE

- ▶ Human science is the study and interpretation of the experiences, activities, constructs, and artifacts associated with human beings.
  - ▶ Atmospheric Science is the study of weather analysis and predictability, climate and global change, the circulation of the atmosphere relating to weather systems and their impact on the Earth, air quality, and other atmospheric processes that affect us.
  - ▶ Human Science Proponents:  
**Team Work, Psychological Safety, Diversity, Equity and Inclusion, AGILE Advocacy, Allyship**
  - ▶ CISL Outreach, Diversity & Education Intern
-

# WHO IS A CODE INTERN

*"I had noticed that not many student affairs professionals understood how the scientific internship process worked, so I wanted to seed professionals into the field who could support students in their STEM journeys and perhaps teach their colleagues how to do the same" - AJ Lauer*

- ▶ **Administrative Duties**
- ▶ **Provide support and mentoring for students.**  
*Orientation, professional development workshops, field trips, and other learning opportunities for interns*
- ▶ **Maintain program databases and updating web pages/social media**
- ▶ **Provide multimedia support at program events (photos, video)**
- ▶ **Plan and participate in after-hours team building activities**

## LESSONS

- ▶ Leadership
- ▶ Networking
- ▶ Taking opportunities
- ▶ How to work with STEM professionals

---

## WHAT NEXT

- ▶ Tapia Conference
- ▶ SIParCS Experience
- ▶ Spread the word about SIParCS
- ▶ Finish Grad School

# HIGHLIGHTS & APPRECIATION

"I will take this opportunity to also thank the SiParCS program managers for organizing so many activities for the interns, which has really helped us bond with each other very well, coming from such varied backgrounds, I don't feel any hesitation reaching out to my cohort members, for any help, or just to hangout. This should mean a lot coming from an introverted person :)" - Ameya

"Thank you very much for Julius for organizing this, this is a once in a lifetime experience" RMNP hike, Robin

**Thank you to my mentors Virginia & Ag**  
**The CISL Team & Admin Staff**  
**Ben & Jerry**  
**NCAR|UCAR**  
**The Cafeteria Staff & Driver**  
**Student Affairs Expats**

"In conclusion my code was to help people achieve their goals, create lasting bonds, networks and experiences" - Code Intern
